Did you know that if you toss unused medications down the toilet, many are not removed or are only slightly altered in the water treatment process, becoming persistent organic pollutants or "POP's" that then enter area streams? Help keep our water clean by taking unused medications to the prescription drug drop box in your area. The prescription drug drop off box in Grand County is located in the entryway of the Sheriff's Department, at 670 Spring Street in Hot Sulphur Springs. This location is accessible 24 hours a day.

## Jon de Vos - Saying Goodbye

Jon de Vos passed away unexpectedly on August 22nd, 2017 at Porter Adventist Hospital in Denver, CO. An original through and through, his wit and wisdom has left a space that shall never be filled in our hearts or in our community.

Mark, Meredith, Kathy, and Kristy all aspire to continue Jon's legacy here at Indian Peaks in his passing.

## A Few Words from Vice President, Janet Smith

Jon deVos became Manager of Indian Peaks in 1994 when things were not in very good shape. We owed back property taxes and furnishings had not been replaced in a long time. The former manager had taken several thousands of dollars from the Association, and times were not good.

However, he was willing to take the responsibility of righting the ship and within a few years things began to turn around. Today the resort is in tip top shape with up-to-date furnishings, bills paid in a timely manner and the grounds are looking great.

Jon loved what he did and he wanted the resort to be enjoyed by everyone who came. He was very responsive to Board members when things were pointed out to him that needed attention. Jon was very customer service oriented and always looked for ways to improve things for those who came to Indian Peaks.

It was a pleasure to work with Jon through the years, and we will miss him greatly. We are thankful for his wisdom in bringing Kristy Meyer on board last year to replace him as he planned to retire in the next couple of years. So there will be a seamless transfer of responsibility as he has well trained staff to carry on the work. Thank you, Jon.

## A Few Words from Board Member, Tom Overton

When Jon de Vos suddenly passed away on August 22nd, Indian Peaks lost its best friend.

Jon assumed the management of Indian Peaks in 1994, at a time when the resort was on the verge of collapse because its previous property manager had embezzled nearly a million dollars from the Indian Peaks owners. Through his diligence and hard work, he saved the investments of the owners and developed the resort into the financially sound jewel it is today. All of us owe Jon a debt of gratitude.

Jon was 71 years young. He grew up in Arizona, graduated from Arizona State and set out for Colorado. Jon landed in Winter Park 45 years ago and never left. The fact that Jon met his future wife Francie on the day of his arrival in Winter Park may have something to do with that. Jon pursued Francie relentlessly, and, after eight years, she finally succumbed. Jon and Francie were married in 1980. They were inseparable for the next 37 years.

In addition to being a certified property manager, Jon was a licensed master electrician, a real estate broker, and a father to a variety of pet birds and a houseful of dogs. Jon was also very active in the Grand County community. He served on the Housing Authority Board, the Fraser Valley Foundation and the Winter Park-Fraser Valley Chamber of Commerce. He volunteered for numerous non-profit organizations, including the Grand County Bowling Association. On top of all this, Jon found the time to be an award-winning humor writer for the local newspapers. In 1996, Jon was selected as the Fraser Valley Citizen of the Year.

Jon will be sorely missed by his wife Francie, two dogs, three parrots, a brother, two sisters, two nephews, and numerous longtime friends.

Goodbye My Friend.
